Brings to notice that **SUBJECT** teachers in Mahad on pay Rs 15/- & Rs 17/- are at present drawing a mahad allowance of Rs 2/- per mensem and that under the new rules their allowances will have to be reduced to Rs 1/8- from 1st July 1927 and suggests that the hardship maybe obviated by permitting those who are actually drawing higher rates to continue to do so, and that the reduced rates maybe brought into effect on change of incumbents.

Under the 'Special Localities Allowance' order of 27th October 1926, the special allowances of officers on pay exceeding Rs.50 and of menials residing in localities specified in that order will wholly cease from 1st July 1927. A reservation has, however, been made on behalf of existing incumbents affected by that order so as to permit them to draw the allowances till they are transferred. In the case of officers in superior service on pay not exceeding Rs.50 special locality allowance at one anna in the rupee of their emoluments has been sanctioned, the minimum being fixed at Rs.1-8-0. There are some officers in the Revenue, Medical and Education Departments who are at present drawing a fixed allowance of Rs.3, 5, and 2 who will be affected by the new order as it does not provide for the continuance to them of the existing scale of allowances after 1st July 1927. The Inspector General of Education has pointed out that the new rule^x causes hardship particularly in the case of teachers in Malnad on pay of Rs.17 and 15 who are at present drawing Rs.2, as their allowances will get reduced to Rs.1-8-0 in future.

"B"

2 According to the statement^x furnished by the Comptroller, the present cost of Malnad allowances drawn by officers in departments other than Education is Rs.2,198 per mensem of which a sum of Rs.1,552-13-0 represents that part

No.

of the allowances which will ^{be saved} ~~cease~~ under the new order. This amount of saving is the total of not only of allowances which cease wholly but also of the excess of old rates over the new rates, in the case of officers on Rs.50 and below. In working out the immediate extra cost of the revision, it has been assumed that this part of the present cost will be continued to be drawn so long as the present incumbents continue to hold the charges carrying the Malnad allowances. The question of continuing the existing scale of allowances in the case of officers in receipt of Malnad allowances but whose allowances get reduced under the new order ^{however} was [^]not specially considered and ~~decided~~ decided. The order that has issued makes no exemption in their case.

3 From the figures furnished by the Comptroller it will be seen that there are at present 394 teachers and clerks in the Education Department who are in receipt of a fixed allowance of Rs.2. The strict application of the new rules will hit hard not only the teachers on small pay but also some revenue officials, midwives and compounder who are in receipt of fixed allowances of Rs.3, 5 and 2 and who will get after 1st July 1927 Rs.1-8-0 or something more calculated at one in the rupee of their emoluments. The proposal of the Inspector General of Education to continue to present incumbents thus affected, the

existing allowances till they are transferred seems reasonable and may be sanctioned. The extra cost on this account, which has not already been taken into calculation, may not exceed Rs.200 per mensem.

Adverting to Government Order No. Fl. 329C-349/S & A dated 27th October 1926 issuing revised rules for the grant of special localities allowances, I have to bring to the notice of - - Government that teachers in Malnad who are drawing a pay of Rs. 15/- and Rs. 17/- are at present drawing a malnad allowance of Rs. 2/- per mensem. According to the Government Order under advertance ~~that~~ their allowances will have to be reduced to Rs. 1-8-0 with effect from 1st July 1927, which is a great hardship on the poor officials. This subject was mentioned by me at the meeting of the Heads of Departments and Deputy Commissioners held on the 19th instant. and it was stated by you that ~~that~~ the intention of Government was that the men actually drawing higher rates should continue to do so and that the reduced rate should apply only when there is a change of incumbents.

I request you to kindly obtain early orders of Government in the matter.

Yours sincerely,

S. & A. 101-25-2 dated 27th October 1926 will have effect only from
